 - 2.1.1. if you acquire your vehicle with a factory fitted Vodafone Automotive System, the manufacturer or distributor will have completed your Order;
 - 2.1.2. the third-party dealer from whom you acquire the Vodafone Automotive System might complete the Order for you; or
 - 2.1.3. you complete the Order and in each case, the Order may be in writing or provided to us orally, and shall contain certain information relating to you which we shall hold for the purpose of providing you with the Services.
- 2.2. We accept your Order at the point in time that you receive our Information Pack.
- 2.3. As part of the registration process, you must arrange payment for the Services and agree security passwords with us. We will not be able to provide any Services to you until payment is received and you have agreed security passwords with us. Where a third party supplies information about you to us as part of the Order, we have to rely on that information being correct, and if it is not, we will not be liable to you for any losses or damage that flows from that. It is therefore also important when you contact us to agree security passwords that you check that the information that we hold about you is correct.
- 2.4. You must keep your security passwords completely confidential as they permit access to the Services for which you may incur Charges. You are responsible for all Charges resulting from use of your security passwords.
- 2.5. If you decide that you do not want the Services, you may cancel this Agreement at any time within 10 business days of the Commencement Date (the "Cooling Off Period"). To cancel this Agreement, you must send us written notice of your wish to cancel this Agreement, which may be delivered personally or sent by post to Vodafone Automotive UK Limited, Shuttleworth House, 21 Bridgewater Close, Network 65 Business Park, Hapton, Burnley, Lancashire, BB11 5TE, United Kingdom. or by fax to +44 (0) 1282 473 777, or you may email us using the following email address: info-uk@vodafoneautomotive.com.
- 2.6. If you continue to use or access the Services after the end of the Cooling Off Period referred to in clause 2.5, all the terms of this Agreement will apply. These terms also apply to your use of the Service before the end of the Cooling Off Period.
- 2.7. The Vodafone Automotive System may only be fitted to the following types of vehicles:
 - 2.7.1. 12V to 32V negative earthed vehicles, being cars, vans, tractors (interior fitting in cab only), lorries, and motor homes; and

If you cancel any agreed appointment to install the Vodafone Automotive System less than 2 working days before the appointment date, then we will charge you a cancellation fee, in accordance with the Price List.
- 2.9. You must ensure that the Vodafone Automotive System is installed, modified and/or removed only by a Approved Technician. Whilst we will endeavour to assist you with any complaint you have with an Approved Technician, we exclude any liability for the acts or omissions of such Approved Technician (unless an employee of ours).
- 2.10. You must comply with the following important conditions when using the Services, or else we cannot necessarily, or we may refuse to, provide the Services to you until you do comply with these conditions:

Once we know that you are no longer the owner of a vehicle in which the Vodafone Automotive System is installed, we will not provide the Services to you.
- ")" If you transfer a Vodafone Automotive System to another vehicle, then, provided that the Vodafone Automotive system is undertaken in accordance with clause 2.9, the Agreement is automatically transferred to the new vehicle for the remainder of the Term. You must register any change of details with us. For subscriptions that are classified as demo - retail, the term starts on the commencement date of the demo contract. - "5" If we inform you that there is a fault with your Vodafone Automotive System, you must consent to a Service Call as soon as possible and within a reasonable period of time (and in any event, no more than 5 days after the date that we propose to you).
- "6." If your vehicle is involved in an accident, your vehicle battery has been disconnected for any reason (for example bodywork repair or paint re-spray) or if your vehicle has been parked unused for more than 3 months, then you must contact Vodafone Automotive Customer Services in order that we may test that the Vodafone Automotive System still functions correctly.
- "7." You must ensure that you advise any person who services your vehicle that there is a security tracking product fitted to prevent inadvertent disconnection of any component parts of the Vodafone Automotive System.

The only Services that we offer to you are those described in our User Guide.
- "9." The Services may occasionally require upgrading, modification or other works making them temporarily unavailable. We will try to keep such interruption to a minimum. Charges for Services will continue during this period of disconnection.

- 8.1. We exclude all liability to you for any loss of income, business, profits, expenditure or any other indirect or consequential loss arising under or as a result of this Agreement and for any matter outside of our reasonable control.
